Subject Index, Volume 158

Abdomen
Antibiotic irrigation and the formation of intraabdominal adhesions; 437
Antibiotic prophylaxis with cefotaxime in gastroduodenal and biliary surgery; 430
Editorial comment (E), 435
Fine-needle aspiration biopsy in the diagnosis of recurrent and metastatic intraabdominal malignancies; 589
Intraabdominal surgery during pregnancy; 567
Malignant soft-tissue tumors of the anterior abdominal wall; 448
Replacement of the abdominal aorta with a sutureless intraluminal ringed prosthesis; 121
Right retroperitoneal approach for abdominal aortic surgery; 156
Abscess
Comparative evaluation of percutaneous catheter drainage for resistant amebic liver abscesses; 58
Acid
Increased peritoneal fluid lactic acid values and progressive bowel strangulation in dogs; 32
Adenocarcinoma
Local recurrence after sphincter-saving resection for rectal adenocarcinoma; 3
Adrenal glands
Incidentally discovered adrenal masses; 159
Amebiasis
Comparative evaluation of percutaneous catheter drainage for resistant amebic liver abscesses; 58
Ampulla of Vater
Significance of tumor spread in adenocarcinoma of the ampulla of Vater; 593
Amputation
Management strategy of complex extremity injuries; 151
Open transmetatarsal amputation in the treatment of severe foot infections; 127
Prediction of below-knee amputation wound healing using noninvasive laser Doppler velocimetry; 29

Prevention of amputation by diabetic education; 520

Aneurysms
Right retroperitoneal approach for abdominal aortic surgery; 156

Angioplasty
Percutaneous transluminal angioplasty versus surgery for subclavian artery occlusive disease; 511

Angioscopy
Experimental and clinical applications of angioscopic guidance for laser angioplasty; 495

Antibiotics
Antibiotic irrigation and the formation of intraabdominal adhesions; 437
Antibiotic prophylaxis with cefotaxime in gastroduodenal and biliary surgery; 430
Antibiotics in acute pancreatitis; 474
Editorial comment (E), 435, 479
Efficacy of an antibiotic mouthwash in contaminated head and neck surgery; 324

Aorta
Replacement of the abdominal aorta with a sutureless intraluminal ringed prosthesis; 121
Right retroperitoneal approach for abdominal aortic surgery; 156

Appendicitis
Intraabdominal surgery during pregnancy; 567

Arteries
Beneficial effects of banding on venous intimal-medial hyperplasia in arteriovenous loop grafts; 87
Compartment syndrome in combined arterial and venous injuries of the lower extremity; 136
Extraanatomic bypass for peripheral arterial injuries; 506
Femoral-tibial bypass for calcific arterial disease; 146
Hemodynamic performance of carotid artery shunts; 95
In vivo feasibility study of intravascular ultrasound imaging; 142
Management strategy of complex extremity injuries; 151
Percutaneous transluminal angioplasty versus surgery for subclavian artery occlusive disease; 511
Results of in-situ saphenous vein bypass to the foot; 502
Trends in the management of traumatic vertebral artery injuries; 101

Ascites
Peritoneovenous shunt for intractable ascites of hepatic, nephrogenic, and malignant causes; 162
Peritoneovenous shunts palliate malignant ascites; 598

Atherosclerosis
In vivo feasibility study of intravascular ultrasound imaging; 142

Atrophy
Primary sclerosing cholangitis associated with liver atrophy; 43

Bacteria
Efficacy of an antibiotic mouthwash in contaminated head and neck surgery; 324
Splenic abscess: presentation, treatment options, and results; 612

Beta blockade
Beta blockade to decrease silent myocardial ischemia during peripheral vascular surgery; 113

Bile acid
Medical dissolution of gallstones by oral bile acid therapy; 198

Bile duct
Antibiotic prophylaxis with cefotaxime in gastroduodenal and biliary surgery; 430
Dissolution of bile duct stones; 248
Editorial comment (E), 435
Endoscopic management of bile duct stones; 228
Lithotripsy for bile duct stones; 241
Panel discussion: cholangitis; 254
Radiologic methods of bile duct stone extraction; 222
Retained and recurrent bile duct stones: operative management; 218
Targeting chemotherapy for intrahepatic periductal lymphatic invasion by mitomycin C adsorbed to activated charcoal in hepatic hilar bile duct cancer; 8

Bile ducts
Hepatic recovery after biliary decompression of experimental destructive jaundice; 423

Biliary tract
Agents for gallstone dissolution; 262
Antibiotic prophylaxis with cefotaxime in gastroduodenal and biliary surgery; 430
Biliary lithotripsy; 194
Biliary tract complications in orthotopic adult liver transplantation; 68
Cholecystectomy: the gold standard; 174
Editorial comment (E), 435
Extracorporeal shock-wave lithotripsy of gallstones: Boston experience with the Dornier MPL 9000 lithotripter; 192
Gallstone lithotripsy by extracorporeal shock waves; 188
Panel discussion: cholangitis; 254
Principles of biliary extracorporeal lithotripsy; 179
Selection of patients for gallstone lithotripsy; 184
Spectrum of biliary stone disease; 171

Biliary tree
Endotoxemia during percutaneous manipulation of the obstructed biliary tree; 21
Lithotripsy for bile duct stones; 241

Biopsy
Fine-needle aspiration biopsy in the diagnosis of recurrent and metastatic intraabdominal malignancies; 589

Blood transfusions
Association of cytomegalovirus infection with increased morbidity is independent of transfusion; 606

Body composition
Effect of intravenous nutrition on muscle mass and exercise capacity in perioperative patients; 63

Boerhaave's syndrome
Lack of muscularis mucosa and the occurrence of Boerhaave's syndrome; 420

Bone scans
Value of radiographs and bone scans in determining the need for therapy in diabetic patients with foot ulcers; 525

Books
Book reviews; 81, 168, 276, 631

Bowels
Increased peritoneal fluid lactic acid values and progressive bowel strangulation in dogs; 32

Breast
Electrocautery and hormone receptor status in breast biopsy; 6
Neoplastic involvement of nipple-areolar complex in invasive breast cancer; 401

Bronchoscopy
An appropriate negative bronchoscopy rate in suspected foreign body aspiration; 622

Burns
Multiple trauma and the burn patient; 536

Bypass
Extraanatomic bypass for peripheral arterial injuries; 506
Femoral-tibial bypass for calcific arterial disease; 146
Percutaneous transluminal angioplasty versus surgery for subclavian artery occlusive disease; 511
Results of in-situ saphenous vein bypass to the foot; 502

Cancer
A comparison of transhiatal and transthoracic resection for carcinoma of the thoracic esophagus; 414
A descriptive experience of total thyroidectomy as the initial operation for differentiated carcinoma of the thyroid; 398
Complete ten-year postgastrectomy follow-up of early gastric cancer; 14
Cutaneous melanoma of the head and neck; 388
Editorial comment (E), 308, 400
Elective versus therapeutic neck dissection in early carcinoma of the oral tongue; 309
Electrocautery and hormone receptor status in breast biopsy; 6
Fine-needle aspiration of parotid tumors; 342
Flow cytometric DNA analysis of primary and concurrent metastatic squamous cell carcinoma of the head and neck; 288
Immune restoration with interleukin-2 in patients with squamous cell carcinoma of the head and neck; 356
Inguinal herniation justifies sigmoidoscopy; 615
Intraoperative ultrasonography in resection of small hepatocellular carcinoma associated with cirrhosis; 40
Malignant soft-tissue tumors of the anterior abdominal wall; 448
Management and prognosis of head and neck sarcomas; 373
Management of advanced glottic carcinomas; 318
Microvascular approach to function and appearance of large orbital maxillary defects; 337
Natural killer cells and metastases from pharyngeal carcinoma; 361
Neoplastic involvement of nipple-areolar complex in invasive breast cancer; 401
Oncologic and functional considerations of total glossectomy; 297
Peritoneovenous shunts palliate malignant ascites; 598
Prognostic factors in squamous cell carcinoma of the larynx; 314
Significance of tumor spread in adenocarcinoma of the ampulla of Vater; 593
Soft-tissue sarcomas of the head and neck; 367
Squamous carcinoma of the nasal cavity and paranasal sinuses; 328
Surgical management of squamous cell

carcinoma of the floor of the mouth; 292
Surgical treatment of gastric carcinoma; 469
Targeting chemotherapy for intrahepatic periductal lymphatic invasion by mitomycin C adsorbed to activated charcoal in hepatic hilar bile duct cancer; 8
The effects of the bioflavonoid quercetin on squamous cell carcinoma of head and neck origin; 351
Thirty-year experience with 457 radical neck dissections in cancer of the mouth, pharynx, and larynx; 303
Total gastrectomy in the treatment of advanced gastric cancer; 602
Variants of hemipelvectomy and their complications; 406

Carotid artery
Combined carotid endarterectomy and myocardial revascularization; 445

Catheterization
Comparative evaluation of percutaneous catheter drainage for resistant amebic liver abscesses; 58

Cells
Natural killer cells and metastases from pharyngeal carcinoma; 361

Chemotherapy
Panel discussion: cholecystitis; 205
Targeting chemotherapy for intrahepatic periductal lymphatic invasion by mitomycin C adsorbed to activated charcoal in hepatic hilar bile duct cancer; 8

Chest
A plea for sensible management of myocardial contusion; 557

Children
An appropriate negative bronchoscopy rate in suspected foreign body aspiration; 622
Changing spectrum of cholelithiasis and cholecystitis in infants and children; 585
Management and prognosis of head and neck sarcomas; 373
Management of empyema in children; 618
Utility of the cervical spine radiograph in pediatric trauma; 540

Cholangiography
A simple, cost-effective method for operative cholangiography; 463

Cholangitis
Panel discussion: cholangitis; 254
Primary sclerosing cholangitis associated with liver atrophy; 43

Cholecystectomy
A simple, cost-effective method for operative cholangiography; 463
Cholecystectomy: the gold standard; 174
Panel discussion: cholecystitis; 205

Cholecystitis
Changing spectrum of cholelithiasis and cholecystitis in infants and children; 585
Panel discussion: cholecystitis; 205

Cholecystostomy
Cholecystectomy: the gold standard; 174

Choledocholithiasis
Endoscopic management of bile duct stones; 228

Cholelithiasis
Changing spectrum of cholelithiasis and cholecystitis in infants and children; 585

Cholesterol
Agents for gallstone dissolution; 262
Dissolution of bile duct stones; 248
Medical dissolution of gallstones by oral bile acid therapy; 198
Panel discussion: cholecystitis; 205

Cirrhosis
Intraoperative ultrasonography in resection of small hepatocellular carcinoma associated with cirrhosis; 40

Colon
Are the risks after colostomy closure exaggerated? 17
Editorial comment (E), 20
Inguinal herniation justifies sigmoidoscopy; 615

Colostomy
Are the risks after colostomy closure exaggerated? 17
Editorial comment (E), 20

Compartment syndrome
Compartment syndrome in combined arterial and venous injuries of the lower extremity; 136
Early fasciotomy for acute clinically evident posttraumatic compartment syndrome; 36

Computed tomography
Fine-needle aspiration biopsy in the diagnosis of recurrent and metastatic intraabdominal malignancies; 589
Splenic abscess: presentation, treatment options, and results; 612

Cytomegalovirus
Association of cytomegalovirus infection with increased morbidity is independent of transfusion; 606

Debridement
Antivenin and fasciotomy/debridement in the treatment of the severe rattlesnake bite; 543

Diabetes
Acute pancreatitis after experimental pancreatic transplantation; 454
Evolution of synchronous renal and pancreatic transplantation; 625
Prevention of amputation by diabetic education; 520
Value of radiographs and bone scans in determining the need for therapy in diabetic patients with foot ulcers; 525

DNA
Flow cytometric DNA analysis of primary and concurrent metastatic squamous cell carcinoma of the head and neck; 288

Doppler analysis
Prediction of below-knee amputation wound healing using noninvasive laser Doppler velocimetry; 29

Duodenum
Conservative management of combined pancreatoduodenal injuries; 531

Editorials
A conservative point of view of the thoracic outlet syndrome; 396
A gold watch; 1
An "erg" of epidemiology; 395
Choice and challenge in vascular surgery; 84
Do things really change? 283
Dr. Hayes Martin: surgeon, leader, teacher, and founder of our society; 278
Editorial comment; 20, 308, 380, 400, 435, 479, 556
Editor's note; 170
Where have all the students gone? 482

Education
Do things really change? (E), 283
Dr. Hayes Martin: surgeon, leader, teacher, and founder of our society (E), 278
Prevention of amputation by diabetic education; 520
Where have all the students gone? (E), 482

Electrocautery
Electrocautery and hormone receptor status in breast biopsy; 6

Empyema
Management of empyema in children; 618

Endoscopy
Endoscopic management of bile duct stones; 228

Endotoxemia
Endotoxemia during percutaneous manipulation of the obstructed biliary tree; 21

Esophagus
A comparison of transhiatal and transthoracic resection for carcinoma of the thoracic esophagus; 414
Analysis of thirty-two patients with Schatzki's ring; 563
Antibiotic prophylaxis with cefotaxime in gastroduodenal and biliary surgery; 430
Editorial comment (E), 435
Lack of muscularis mucosa and the occurrence of Boerhaave's syndrome; 420

Exercise
Effect of intravenous nutrition on muscle mass and exercise capacity in perioperative patients; 63

Extremities
Compartment syndrome in combined arterial and venous injuries of the lower extremity; 136
Management of extremity soft-tissue sarcoma; 71
Management strategy of complex extremity injuries; 151
Massive venous thrombosis of the extremities; 131

Fasciotomy
Antivenin and fasciotomy/debridement in the treatment of the severe rattlesnake bite; 543
Compartment syndrome in combined arterial and venous injuries of the lower extremity; 136
Early fasciotomy for acute clinically evident posttraumatic compartment syndrome; 36

Fine-needle aspiration
Fine-needle aspiration of parotid tumors; 342

Fistulas
Intestinal fistula complicating necrotizing pancreatitis; 581

Flavonoids
The effects of the bioflavonoid quercetin on squamous cell carcinoma of head and neck origin; 351

Foot
Open transmetatarsal amputation in the treatment of severe foot infections; 127
Prevention of amputation by diabetic education; 520
Results of in-situ saphenous vein bypass to the foot; 502
Value of radiographs and bone scans in determining the need for therapy in diabetic patients with foot ulcers; 525

Foreign body aspiration
An appropriate negative bronchoscopy rate in suspected foreign body aspiration; 622
Gallbladder
Antibiotic prophylaxis with cefotaxime in gastroduodenal and biliary surgery; 430
A simple, cost-effective method for operative cholangiography; 463
Editorial comment (E), 435
Panel discussion: cholangitis; 254
Panel discussion: cholecystitis; 205
Gallstone disease
Trends in the treatment of gallstone disease: putting the options into context; 251
Gallstones
Agents for gallstone dissolution; 262
Biliary lithotripsy; 194
Cholecystectomy: the gold standard; 174
Extracorporeal shock-wave lithotripsy of gallstones: Boston experience with the Dornier MPL 9000 lithotripter; 192
Gallstone lithotripsy by extracorporeal shock waves; 188
Medical dissolution of gallstones by oral bile acid therapy; 198
Panel discussion: cholangitis; 254
Panel discussion: cholecystitis; 205
Principles of biliary extracorporeal lithotripsy; 179
Selection of patients for gallstone lithotripsy; 184
Spectrum of biliary stone disease; 171
Trends in the treatment of gallstone disease: putting the options into context; 251
Gastrectomy
Complete ten-year postgastrectomy follow-up of early gastric cancer; 14
Total gastrectomy in the treatment of advanced gastric cancer; 602
Gastrointestinal tract
The surgeon and gut maintenance; 485
Glossectomy
Oncologic and functional considerations of total glossectomy; 297
Goiter
Editorial comment (E), 380
Goiters and airway problems; 378
Grafts
Beneficial effects of banding on venous intimal-medial hyperplasia in arteriovenous loop grafts; 87
Clinical trials of a new polytetrafluoroethylene-silicone graft; 117
Color flow Duplex screening of infrainguinal grafts combining low- and high-velocity criteria; 107
Extraanatomic bypass for peripheral arterial injuries; 506
Femoral-tibial bypass for calcific arterial disease; 146
Reoperation for complications of stabilized human umbilical vein grafts; 440
Growth factors
Reversal of impaired wound healing in irradiated rats by platelet-derived growth factor-BB; 345
Head and neck
Cutaneous melanoma of the head and neck; 388
Do things really change? (E), 283
Do we really need another localizing technique for parathyroid glands? 382
Dr. Hayes Martin: surgeon, leader, teacher, and founder of our society (E), 278
Editorial comment (E), 308, 380
Efficacy of an antibiotic mouthwash in contaminated head and neck surgery; 324
Elective versus therapeutic neck dissection in early carcinoma of the oral tongue; 309
Fifty-three reoperations for hyperparathyroidism; 385
Fine-needle aspiration of parotid tumors; 342
Flow cytometric DNA analysis of primary and concurrent metastatic squamous cell carcinoma of the head and neck; 288
Goiters and airway problems; 378
Immune restoration with interleukin-2 in patients with squamous cell carcinoma of the head and neck; 356
Management and prognosis of head and neck sarcomas; 373
Management of advanced glottic carcinomas; 318
Microvascular approach to function and appearance of large orbital maxillary defects; 337
Natural killer cells and metastases from pharyngeal carcinoma; 361
Oncologic and functional considerations of total glossectomy; 297
Prognostic factors in squamous cell carcinoma of the larynx; 314
Reconstruction with free bowel autografts after pharyngoesophageal or laryngopharyngoesophageal resection; 333
Reversal of impaired wound healing in irradiated rats by platelet-derived growth factor-BB; 345
Soft-tissue sarcomas of the head and neck; 367
Speaking jejunum after laryngopharyngectomy with neoglottic and neopharyngeal reconstruction; 321
Squamous carcinoma of the nasal cavity and paranasal sinuses; 328
Surgical management of squamous cell carcinoma of the floor of the mouth; 292
The effects of the bioflavonoid quercetin on squamous cell carcinoma of head and neck origin; 351
Thirty-year experience with 457 radical neck dissections in cancer of the mouth, pharynx, and larynx; 303
Heart
A plea for sensible management of myocardial contusion; 557
Combined carotid endarterectomy and myocardial revascularization; 445
Hemodialysis
Clinical trials of a new polytetrafluoroethylene-silicone graft; 117
Hernia
Analysis of thirty-two patients with Schatzki's ring; 563
Inguinal herniation justifies sigmoidoscopy; 615
Hormone receptor
Electrocautery and hormone receptor status in breast biopsy; 6
Hyperplasia
Beneficial effects of banding on venous intimal-medial hyperplasia in arteriovenous loop grafts; 87
Imaging techniques
Color flow Duplex screening of infrainguinal grafts combining low- and high-velocity criteria; 107
Diagnosis and treatment of adult intussusception; 25
Incidentally discovered adrenal masses; 159
In vivo feasibility study of intravascular ultrasound imaging; 142
Infection
An "erg" of epidemiology (E), 395
Antibiotic prophylaxis with cefotaxime in gastroduodenal and biliary surgery; 430
Editorial comment (E), 435
Efficacy of an antibiotic mouthwash in contaminated head and neck surgery; 324
Open transmetatarsal amputation in the treatment of severe foot infections; 127
Interleukin-2
Immune restoration with interleukin-2 in patients with squamous cell carcinoma of the head and neck; 356
Intestines
Diagnosis and treatment of adult intussusception; 25
Should intestinal continuity be restored after massive intestinal resection? 577
Intussusception
Diagnosis and treatment of adult intussusception; 25
Ischemia
Beta blockade to decrease silent myocardial ischemia during peripheral vascular surgery; 113
Jaundice
Primary sclerosing cholangitis associated with liver atrophy; 43
Kidneys
Clinical trials of a new polytetrafluoroethylene-silicone graft; 117
Evolution of synchronous renal and pancreatic transplantation; 625
Larynx
Editorial comment (E), 308
Prognostic factors in squamous cell carcinoma of the larynx; 314
Reconstruction with free bowel autografts after pharyngoesophageal or laryngopharyngoesophageal resection; 333
Speaking jejunum after laryngopharyngectomy with neoglottic and neopharyngeal reconstruction; 321
Thirty-year experience with 457 radical neck dissections in cancer of the mouth, pharynx, and larynx; 303
Laser angioplasty
Experimental and clinical applications of angioscopic guidance for laser angioplasty; 495
Lasers
Prediction of below-knee amputation wound healing using noninvasive laser Doppler velocimetry; 29
Letters
Letters to the editor; 79, 167, 275, 630
Lithotripsy, extracorporeal shock-wave
Biliary lithotripsy; 194
Extracorporeal shock-wave lithotripsy of gallstones: Boston experience with the Dornier MPL 9000 lithotripter; 192
Gallstone lithotripsy by extracorporeal

shock waves; 188
Lithotripsy for bile duct stones; 241
Panel discussion: cholecystitis; 205
Principles of biliary extracorporeal lithotripsy; 179
Selection of patients for gallstone lithotripsy; 184
Trends in the treatment of gallstone disease: putting the options into context; 251

Liver
Antibiotic prophylaxis with cefotaxime in gastroduodenal and biliary surgery; 430
Biliary tract complications in orthotopic adult liver transplantation; 68
Comparative evaluation of percutaneous catheter drainage for resistant amebic liver abscesses; 58
Editorial comment (E), 435
Hepatic recovery after biliary decompression of experimental destructive jaundice; 423
Hepatic resection using stapling devices to control the hepatic veins; 461
Insertion of a retrohepatic vena cava balloon shunt through the saphenofemoral junction; 465
Intraoperative ultrasonography in resection of small hepatocellular carcinoma associated with cirrhosis; 40
Primary sclerosing cholangitis associated with liver atrophy; 43
Successful atrial caval shunting in the management of retrohepatic venous injuries; 409
Targeting chemotherapy for intrahepatic periductal lymphatic invasion by mitomycin C adsorbed to activated charcoal in hepatic hilar bile duct cancer; 8

Lung
Hypertonic saline-dextran resuscitation of acute canine bile-induced pancreatitis; 48

Magnetic resonance imaging
Do we really need another localizing technique for parathyroid glands? 382

Malpractice
Editorial comment (E), 556
Trauma malpractice claims related to trauma level designation; 553

Martin, Hayes
Dr. Hayes Martin: surgeon, leader, teacher, and founder of our society (E), 278

Melanoma
Cutaneous melanoma of the head and neck; 388

Muscle
Effect of intravenous nutrition on muscle mass and exercise capacity in perioperative patients; 63

Myocardium
A plea for sensible management of myocardial contusion; 557

Nerves
A conservative point of view of the thoracic outlet syndrome (E), 396

Nutrition
Effect of intravenous nutrition on muscle mass and exercise capacity in perioperative patients; 63

Pancreas
Acute pancreatitis after experimental pancreatic transplantation; 454
Antibiotics in acute pancreatitis; 474
Conservative management of combined pancreatoduodenal injuries; 531
Editorial comment (E), 479
Evolution of synchronous renal and pancreatic transplantation; 625
Hypertonic saline-dextran resuscitation of acute canine bile-induced pancreatitis; 48
Intestinal fistula complicating necrotizing pancreatitis; 581
Significance of tumor spread in adenocarcinoma of the ampulla of Vater; 593

Pancreatitis
Hypertonic saline-dextran resuscitation of acute canine bile-induced pancreatitis; 48

Parathyroid gland
Do we really need another localizing technique for parathyroid glands? 382
Fifty-three reoperations for hyperparathyroidism; 385

Parotid gland
Fine-needle aspiration of parotid tumors; 342

Pelvis
Variants of hemipelvectomy and their complications; 406

Peritoneum
Increased peritoneal fluid lactic acid values and progressive bowel strangulation in dogs; 32

Peritonitis
Antibiotic irrigation and the formation of intraabdominal adhesions; 437

Pharynx
Editorial comment (E), 308
Reconstruction with free bowel autografts after pharyngoesophageal or laryngopharyngoesophageal resection; 333
Thirty-year experience with 457 radical neck dissections in cancer of the mouth, pharynx, and larynx; 303

Plasma
Primary hypercoaguable states in general and vascular surgery; 491

Platelets
Reversal of impaired wound healing in irradiated rats by platelet-derived growth factor-BB; 345

Pregnancy
Intraabdominal surgery during pregnancy; 567

Protheses
Replacement of the abdominal aorta with a sutureless intraluminal ringed prosthesis; 121

Radiography
Diagnosis and treatment of adult intussusception; 25
Utility of the cervical spine radiograph in pediatric trauma; 540
Value of radiographs and bone scans in determining the need for therapy in diabetic patients with foot ulcers; 525

Radiology
Radiologic methods of bile duct stone extraction; 222

Radiotherapy
Management of extremity soft-tissue sarcoma; 71
Reversal of impaired wound healing in irradiated rats by platelet-derived growth factor-BB; 345

Rattlesnake bite
Antivenin and fasciotomy/debridement in the treatment of the severe rattlesnake bite; 543

Rectum
Local recurrence after sphincter-saving resection for rectal adenocarcinoma; 3
Rectopexy without resection for rectal prolapse; 574

Resection
Local recurrence after sphincter-saving resection for rectal adenocarcinoma; 3

Reviews
Antibiotics in acute pancreatitis; 474
Editorial comment (E), 479
Management of extremity soft-tissue sarcoma; 71
Surgical treatment of gastric carcinoma; 469
The surgeon and gut maintenance; 485

Saline-dextran solution
Hypertonic saline-dextran resuscitation of acute canine bile-induced pancreatitis; 48

Sarcomas
Management of extremity soft-tissue sarcoma; 71

Schatzki's ring
Analysis of thirty-two patients with Schatzki's ring; 563

Sclerosis
Primary sclerosing cholangitis associated with liver atrophy; 43

Short bowel syndrome
Should intestinal continuity be restored after massive intestinal resection? 577

Shunts
Hemodynamic performance of carotid artery shunts; 95
Insertion of a retrohepatic vena cava balloon shunt through the saphenofemoral junction; 465
Peritoneovenous shunt for intractable ascites of hepatic, nephrogenic, and malignant causes; 162
Peritoneovenous shunts palliate malignant ascites; 598
Successful atrial caval shunting in the management of retrohepatic venous injuries; 409

Sinuses
Squamous carcinoma of the nasal cavity and paranasal sinuses; 328

Sphincter
Local recurrence after sphincter-saving resection for rectal adenocarcinoma; 3

Sphincterotomy
Endoscopic management of bile duct stones; 228

Splenic abscess
Splenic abscess: presentation, treatment options, and results; 612

SSAT Symposium: Shock-Wave Lithotripsy and Other New Methods for the Treatment of Biliary Stone Disease
Agents for gallstone dissolution; 262
Biliary lithotripsy; 194
Cholecystectomy: the gold standard; 174
Dissolution of bile duct stones; 248
Editor's note (E), 170
Endoscopic management of bile duct stones; 228
